

# PRESS RELEASE

Free for release after: 20<sup>th</sup> October 2022, 7 pm (BST)

## Leica SL2-S Reporter

### Photo and Video Journalism without Limits

**Wetzlar, 20<sup>th</sup> October 2022.** With the Leica SL2-S Reporter, Leica Camera AG presents a new member of its Reporter-Design-Series and thus pays highest tribute to photo and video journalism. The robust design version, in which an M10-P, a Q2 and a Q2 Monochrome have already been released, meets the high requirements of the often adverse operating conditions of professional photography at any time. Due to its unobtrusive appearance, the reliable precision tool for photographing and filming makes it possible to become a part of the action without attracting attention and to concentrate exclusively on it thanks to its intuitive operation.

The Leica SL2-S Reporter redefines the limits of resilience with its robust all-metal body, the particularly scratch-resistant paint finish in dark green and the aramid fibre coating. Thus, it easily defies extreme temperatures, shocks, dust and water and offers nature- and outdoor photographers as well as photojournalists and press photographers almost limitless possibilities. The resistant synthetic fibre aramid is also used to produce protective equipment. With its distinctive pattern of tightly interwoven fibres, the special armour not only provides an extraordinary look but also a considerably increased grip – for even more safety and stability when photographing and filming. In its technical characteristics, the design variant corresponds to the serial model Leica SL2-S.

The Leica SL2-S Reporter will be available globally at all Leica Stores, the Leica Online Store and authorized dealers starting now. The retail price will be £4,700.00 including VAT.

## About Leica Camera

Leica stands for craftsmanship, design and experience. With over 100 years of history, the brand represents a beautiful combination of art and engineering with the future of form and functionality. Based in Wetzlar, the original birthplace of Leica, the German company is an internationally operating, premium-segment manufacturer of cameras and sport optics products. Leica's legendary status is founded on its long tradition of excellence and supreme quality found in their cameras and lenses. Leica are committed to supporting the creation and preservation of iconic photography, past, present and future and the artists behind them.
